## Health & Safety Policy

### **Principle**

Ballygawley Early Years Playgroup believes that the health and safety of those in our care is of utmost importance. The policy within Ballygawley Early Years Playgroup is to provide the children with a healthy, safe and stimulating environment in which to work and play.

At Ballygawley Early Years Playgroup management work to ensure the setting complies with:

- Health and Safety at Work Act (1974)
- Management of Health and Safety at Work Regulations (1999)
- Control of Substances Hazardous to Health Regulations (COSHH) (2002)
- Manual Handling Operations Regulations (1992 (As Amended 2004))

### **Policy**

At Ballygawley Early Years Playgroup management endeavours: to ensure that a high level of health and safety is maintained at all times for all those coming into contact with our setting; all children, parents, staff and volunteers are aware of health and safety issues; to minimise the hazards and risks to enable the children to thrive in a healthy and safe environment.

**The member of staff responsible for health and safety is:**

**Gillian Robinson**

## **Training/Awareness Raising**

- All staff/volunteers/placement students complete a thorough induction process
- During induction training staff and volunteers are provided with a clear explanation of health and safety issues and are provided with all the policies and procedures of the setting.
- Induction training covers matters of employee well-being, including safe lifting and the storage of potentially dangerous substances.
- Records are kept of these induction training sessions and new staff and volunteers are asked to sign the records to confirm that they have taken part.
- Health and safety issues are explained to the parents/carers of new children, so that they are fully aware of the policies and procedures which are in place for their child's well-being.
- As necessary, health and safety training is included in the annual training plans of staff, and health and safety is discussed regularly at management and staff meetings.
- At Ballygawley Early Years Playgroup there is a no-smoking policy.
- Health and safety issues are regularly identified with the children through discussions, planned activities and routines.

## **Safety of Adults**

- Induction training covers matters of employee well-being, including safe lifting, movement and the storage of potentially dangerous substances.
- Safe equipment, eg step ladder, is provided to ensure high areas can be reached.
- All warning signs are clear and in appropriate languages.
- Staff are aware that there is no lone working permitted in the setting.
- Accident and incident reports are maintained and are reviewed regularly to identify any issues that need to be addressed.
- There is a record of all substances that may be hazardous to health e.g. such as cleaning chemicals. This states what the risks are and what to do if they have contact with eyes or skin or are ingested. It also states where they are stored.

# Ballygawley Early Years Playgroup

---

- All cleaning chemicals are kept in their original containers.
- No member of staff is permitted to work with the children if they show any signs of having taken any substances such as drugs or alcohol. Further guidance please see Smoking, Alcohol and Drug Misuse Policy and Staff Disciplinary Policy.

## **Windows**

- Low level windows are made from materials that prevent accidental breakage and are in line with current Health and Social Care Trust regulations.
- Windows are protected from accidental breakage or vandalism from people outside the building.
- Windows above the ground floor are secured so that children cannot climb through them.

## **Doors**

- The setting takes precautions to prevent children's fingers from being trapped in doors.
- There is a doorbell system in place for those entering the building.

## **Floors**

- All floor surfaces are checked daily to ensure they are clean and not uneven, wet or damaged.

## **Electrical/gas equipment**

- All electrical/gas equipment conforms to safety requirements and is checked regularly.
- Our boiler/electrical switch gear/meter cupboard is not accessible to the children.
- Fires, heaters, electric sockets, wires and leads are properly guarded and the children are taught not to touch them.
- There are sufficient sockets to prevent overloading.
- The temperature of hot water is controlled to prevent scalds.
- There is adequate light and ventilation in the building.

## **Storage**

- All resources and materials, which are used by the children, are stored safely.
- All equipment and resources are stored or stacked safely to prevent them accidentally falling or collapsing.

## Procedures:

Our accident book and report forms:

- are kept safely and accessibly;
- are accessible to all staff and volunteers, who know how to complete them;
- are reviewed at least half-termly to identify any potential or actual hazards.

HSE and Social Services is notified of the following:

- any food poisoning affecting two or more children looked after on our premises
- any injury requiring treatment by a general practitioner or hospital doctor
- the death of a child or adult

as soon as possible or at least within 14 days of the incident occurring.

Local child protection agencies are informed of any serious accident or injury to or the death of any child while in our care and we act on any advice given by those agencies.

When there is any injury requiring general practitioner or hospital treatment to a child, parent, volunteer or visitor or where there is a death of a child or adult on the premises, we make a report to the Health and Safety Executive using the format for the Reporting of Injuries, Diseases and Dangerous Occurrences.
